Errata to "RM-MEDA: A Regularity Model-Based Multiobjective Estimation of Distribution Algorithm"

Qingfu Zhang, Aimin Zhou, and Yaochu Jin

In the above paper[1], Fig. 20 was wrong. It should be replaced by the following figure.

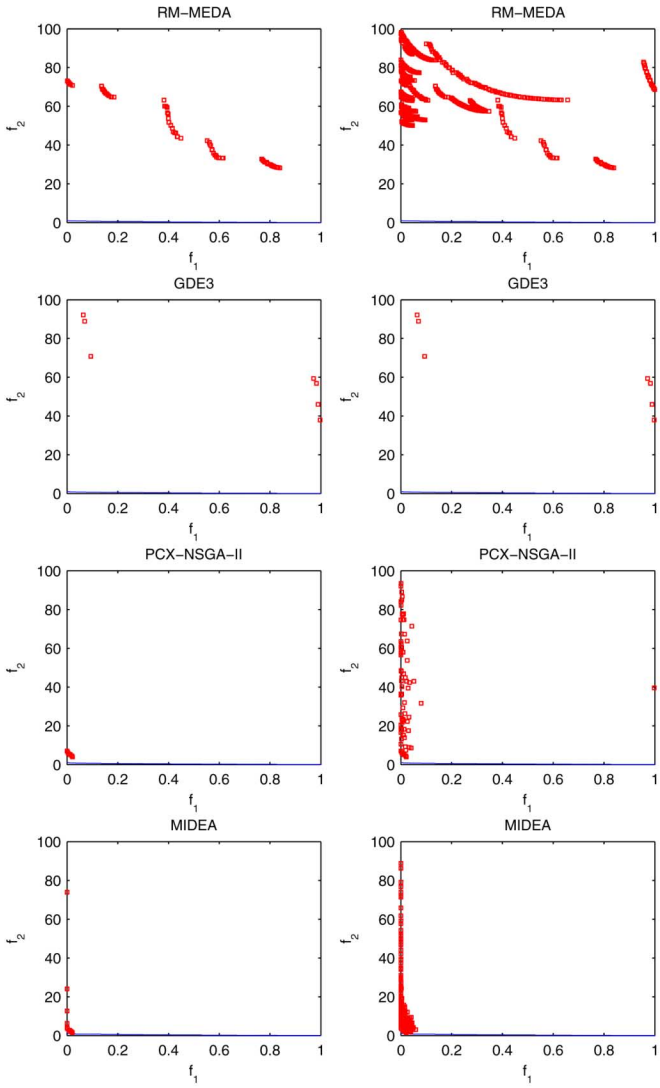

Fig. 20. The final nondominated fronts found by each algorithm on F10. The left panels show the nondominated front with the lowest D-metric obtained by each algorithm, while the right panels plot all the 20 fronts together found by each algorithm.
